

For our global **Group Controlling, Planning & Risk Team** in our Corporate Office in Bad Soden, Germany, at the earliest practicable date we are looking for a

## **Senior Controller (m/f/non-binary) - Global Financial Planning & Analysis**

**Reference Number: 73/2024**

### **What we offer**

- A varied and demanding position of responsibility in an international, successful and financially stable company, where your dedication is held in high esteem
- Personal and professional development opportunities in a dynamic setting featuring a pronounced team orientation and project work
- Targeted opportunities for advanced training
- 30 days of vacation each year
- Opportunity to work remotely
- Company pension plan and long-term accounts
- Free parking and subsidies for train tickets and company bikes
- Canteen, gym and fitness classes, company fitness

### **Your responsibilities**

- Overseeing group controlling with a focus on reporting, financial planning and data analysis, with high relevance for Group management
- Monitoring and analysis of monthly results and their drivers compared to projections; oversight of profitability, costs, working capital and cash flow
- Developing proposals and measures to further boost performance
- Optimizing controlling processes, digital tools and global Group reporting

### **Your profile**

- University-level degree with a focus on controlling, finance or comparable training
- At least 5 years of career experience, preferably in an international setting of group controlling and reporting as well as in operational planning and profitability analyses
- Knowledge of consolidation in IFRS desirable
- Proficient in MS Office, particularly Excel and PowerPoint
- Experience with SAP, BI tools, IBM Cognos Controller or comparable systems is advantageous
- Business fluency in spoken and written English
- Quick comprehension of new material, with strong conceptual and analytical skills

**Preferred qualifications**

- Background in overseeing financial reporting and consolidation for multiple subsidiaries, ideally in an international or multi-entity environment
- Proficiency collaborating with international teams across different time zones and cultural contexts, demonstrating the ability to manage global projects and initiatives
- Professional leadership in proposing and implementing financial performance improvement measures, such as improving reporting accuracy, shortening the month-end close cycle, or driving profitability initiatives
